"A good friend is like a four-leaf clover; hard to find and lucky to have." I am so lucky to find my best friend, Hannah. We are in the same class. Why does she become my best friend?

Our friendship started in Primary 1. On my first school day, I went to school. I was too scared that I could not talk to anyone. Then she came to talk to me. She is tall and thin. She has long hair, big eyes and a small mouth. I was able to meet more friends, because of her help.

Last Christmas, we decided to give a present to each other. Unexpectedly, we bought the same gifts for each other. That was the funniest thing that happened between me and her.

Hannah, I hope we can be best friends until we grow old. We can play together, and grow up together. This is the biggest wish in my heart.
