Dear Principal

**Outstanding Academic Achievements of Your Graduate**

I am very proud to share that a former graduate from your school was admitted to the following bachelor's degree programme in September 2021. She is:

Name of student	University	Degree course
	PolyU	BSc (Hons) in Hotel Management

The success of the promising student is a clear reflection of her hard work and the wholehearted support from our teaching staff. Definitely she would not be able to reach this huge milestone without the solid foundation built in your school.

Our school is the only recipient of the Quality Education Fund's Outstanding School Award for our excellent performance in the domains of "Support for Students" and "School Ethos". Immersing themselves enjoyably in English medium of instruction, students in our school achieved satisfactory results in the past HKDSE examinations. The overall passing rates and the credit and distinction rates were both higher than the territory average. We are always delighted to arrange school tours so as to vividly demonstrate our school's mission and vision.

Should you have any enquiries, please contact Ms Lee Sze Hang at 24643731, or visit [www.yottkp.edu.hk](http://www.yottkp.edu.hk) for more details.

We look forward to welcoming newcomers from your school.

Yours truly,

Ng Kit-yung

Principal
